

Ft. Pierre Livestock Market Report — Friday, April 3rd, 2020

Had a nice run of weighups, 8 weighup buyers, cows considerably lower, not much test on bulls. Good run of bred cattle, along with some pairs, good crowd of buyers, and a fairly active market.

Better kill cows \$55 to \$63.50 – young feeding cows & cowtts to \$72 - hfrtts to \$87
low yielding & big bellied cows \$44 to \$55 – shells below \$44 – bulls-no test.

If you rob a bank and get caught, you go to prison. If you steal cattle and get caught, you go to prison – unless, of course, you are a packer. In my opinion, these packers are looting the cattle industry and stealing the fat cattle through highly illegal – criminal business practices, and the cops are looking the other way. The cops I'm talking about are the US Dept of Justice and the USDA. And off course, the NCBA, who in my opinion is in the pocket of the Packers, has been helping the packers get away with this looting and multi billion dollar theft. If you don't believe me then take a look at what Ethan Lane, Vice President of government affairs for NCBA, has been saying and writing lately.

Also, who was instrumental in helping get rid of COOL? – NCBA.

It's time for the checkoff to go. It's the only way to cut the teeth out of NCBA. South Dakota Senator Rounds and a few other Senators have asked the US Justice Dept for an investigation, but so far, are getting stonewalled, by guess who? Every Senator and every Representative from every cattle state should be on board. If you don't want to end up being a serf on your own land you better get involved.

BRED CATTLE
