

Ft. Pierre Livestock Market Report — Friday, May 14th, 2021

Had another large run of weighups, 5 weighup buyers, market some better. Also had a large run of pairs and bred cattle, good crowd of buyers, and considering moisture conditions in many areas, we had a fairly active market.

Better kill & feeding cows \$68 to \$79 top of \$84 – young feeding cows & cowetts to \$93 - hfretts to \$110 - low yielding & big bellied cows \$55 to \$70 – mostly \$58 to \$68 - shells below \$55 – bulls -low end \$80 to \$89 – few rough bull below \$80- better end \$89 to \$100.50.

Packer live equivalent of gross meat sales is \$231 per pound today (May 14th)- live bids around \$119 per pound. These Packers are probably stealing more money out of this industry, in a day than Al Capone stole in his whole life.

If the people at US Justice Department, and Packers and Stockyards Division of USDA, along with our politicians don't do something, these greedy Packers are going to break our independent feeders. If that happens, the rancher is going to end up in the "Poor House" next!!!
