

Ft. Pierre Livestock Market Report -- Friday, Oct 24th, 2025

As the Political winds Blow.....We have seen President Trump try to wave his Magic Wand in an effort to correct a broken Beef market by offering up Cheap imports from a Third World Country.... This has caused extreme uncertainty with the major players that influence the Board of Trade. If Trump truly believes in America First.... He would start enforcing the Packers & Stockyards Act and reinstate Mandatory COOL! The US Consumers would then be able to support US Producers with their Checkbook.

This Friday we had a very big run of feeder cattle with lots of buyers in the seats. Buyer interest was very cautious with another \$9 drop on the Board today. This makes the 3rd time in a week to endure a \$9 limit down trading day. Most of the cattle saw considerably lower prices, however a few strings of reputation cattle were able to hold on to a slightly lower market. Call your Representatives and ask them to sign on to the MCOOL Bill introduced in the House this week.
