

FT PIERRE LIVESTOCK MARKET REPORT -- FRIDAY, AUGUST 28, 2026

Nice run of feeder cattle sold mostly lower. Light run of weighups also sold lower. The 2 plant closures by Tyson created an overload on kill space at existing facilities which created downward pressure on the fat cattle market. Adding to that our President decided the best way to rebuild our US cattle herd is to cut tariffs on imported beef... Overall these cattle are still bringing way more dollars than we have seen most of our lives. Big Thank You to All the Crew for doing a Great Job & a Big Thank You to All the Buyers & Sellers!!

Better kill & feeding cows \$163 to \$170-young feeding cows/cowtts & hfrtts to \$235 limited test-low yielding & big bellied wet cows \$154 to \$162-rough/shelly/blemished & extremely full cows below \$154–better bulls \$201 to \$221-lower end \$188 to \$200-cutting & feeding bulls to \$274.
